

Christmas is coming.....

Worried about how you going to manage on a budget this year.....

we have the course for you!

Fri 6th Nov - 20th Nov 9:30-11:30

at ACL Clacton

CHRISTMAS on a budget

A fun and practical course exploring how we can make the money stretch a little further this Christmas so as a family you can enjoy this occasion without all the expense.

The excitement of Christmas seems to start earlier and earlier with adverts and shops marketing their products before bonfire night and even Halloween.

The children get more and more excited knowing Christmas is just around the corner. It can also be a time of dread and worry.

With presents and food to buy, and guests to entertain (well maybe not so many this year!), spending can soon get out of control

Knowing how to plan a Christmas on a budget may help ease some of the concerns you have. This course will give you some tips that you may find helpful and some practical ideas of how to stretch that money further.

Join us for a face-to-face small group 3- week course at ACL Clacton to get your Christmas on the right track.
