

# BC and AD?

BC means Before Christ. These are all the years before the year 0 (when Jesus was born!)

When we use these dates, we use the term BC after the. E.g. The Stone age was in 13,000BC. This is 13,000 years before Christ was born.

The year Jesus was born is the year 0.

AD means Anno Domini. This simple means After Christ, but in Latin!

Anything that happened after Jesus was Born, is followed by an AD. i.e. we live in the year 2021 AD!
