

## Nursery Home Learning Weeks 1 & 2

Dear Parents,

We hope you are all well and have enjoyed the Christmas break. Although, we are not in school, we hope you can have some fun learning at home. Please do not feel any pressure to complete the home learning, we completely understand that many of you are already juggling so much, they are simply suggestions if the children would like to.

This week, the children can look at the letter 'c'. They can access Geraldine the Giraffe 'c' on youtube where they will be shown how to pronounce it and also words beginning with 'c'. There is also an attached sheet for them to trace over and also a sound sorting sheet.

The number we are working on is 6. The children can see if they can find 6 things or if they can see the number 6 anywhere and complete the worksheets if they would like to.

For literacy I have attached some weather nursery rhymes for the children to learn.

When you go on a walk with the children talk about the weather conditions, what can they see and how does it make them feel. This activity incorporates knowledge and understanding of the world, physical activity and speaking and listening.

There is also weather cutting sheet which the children can cut and stick.

Can you please let me know that you have received the email and if you require a paper copy which I can organise with the office.

If you have signed up with tapestry you could put some of the things the children have done on there and I can view it.

Please contact me if you have any queries. The nursery email is [nursery.williammartin@dcvst.org](mailto:nursery.williammartin@dcvst.org).

Stay well

Jean Liles
