

## Art

Your task is to design and create a shoe box or flower pot world for a goblin. You can base it on the Tree Goblin setting in the Impossibly Possible Bookshop, or you can create the world for your own goblin.

First, find a box or a flower pot, and then think about the other things you could use to make your goblin world. Look at these pictures for some ideas.

Before you start, sketch out your design in the space below.

## My Goblin World Design
