

## PSHE: Pieces of Wisdom

Watch the video of Only One You. Think about the different pieces of wisdom given to Adri by his parents as good advice. Choose the three pieces of wisdom that you think are the most important. Write them on the stone shapes below and then decorate them to look like brightly coloured fish. Make sure each of your fish are different, so that they are all unique and individual, just like people.

Which piece of wisdom do you think is the most important?  
Explain your reasons.
