

Captain Sir Tom Moore 100km Challenge

1st March 2021

Captain Sir Tom Moore

Thank you.

I loved seeing the features created by the ice hanging off the trees. They were like ice sculptures.

On the day of Sir Captain Tom's funeral, I felt like nothing could be more fitting than a walk on a beautiful spring day in his memory.

We picked a flat blade of grass, squeezed it between our hands and blew it a bit like a flute or trumpet or something!

Well done to everyone who made an entry to the 100km walking challenge.

There have been an amazing **560** responses and you have all walked **5592km** collectively as a school! Thank you for your photographs and quotes- it was great to see you all enjoying the outdoors. We hope you enjoyed the challenge!
