**Thought of the half-term:**

**William Martin C of E Schools and Nursery**

This half term's value is:

# Truthfulness

## Summer 2023

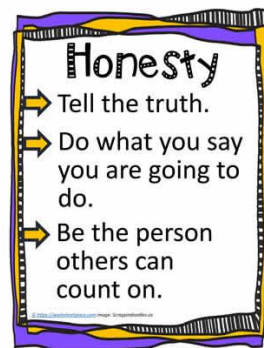

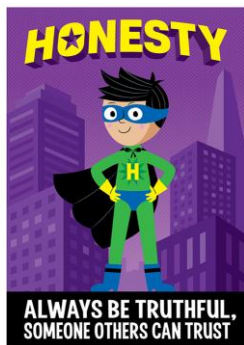

# Truthfulness

This half term's value is  
Truthfulness.

Truthfulness is the fact of being true.

It is being honest and not containing or  
telling any lies.

Truthfulness is telling the truth even  
when it may be hard to admit a mistake.

## Family Corner

Talk to your children about what it means to be honest and why honesty is an important value. You can also encourage honesty by building trusting relationships with your children and helping them to develop self-awareness. Discuss the importance of being able to trust one another. Acknowledge that telling the truth may seem difficult sometimes.

Sometimes we may not even notice when we are lying.

### Praise Honesty

Being honest sometimes takes a lot of courage. If a child tells a harmful lie, it's important to remind them that it is wrong to lie and why it is wrong, but it's also important to thank your child for their honesty and willingness to share. Let your child know that you are proud of their honesty.
